ENERGY CHARTER TREATY, ANNEXES AND DECISIONS

The Contracting Parties to this Treaty,

Having regard to the Charter of Paris for a New Europe signed on 21 November 1990;

Having regard to the European Energy Charter adopted in the Concluding Document of the Hague Conference on the European Energy Charter signed at The Hague on 17 December 1991;

Recalling that all signatories to the Concluding Document of the Hague Conference undertook to pursue the objectives and principles of the European Energy Charter and implement and broaden their co-operation as soon as possible by negotiating in good faith an Energy Charter Treaty and Protocols, and desiring to place the commitments contained in that Charter on a secure and binding international legal basis;

Desiring also to establish the structural framework required to implement the principles enunciated in the European Energy Charter;

Wishing to implement the basic concept of the European Energy Charter initiative which is to catalyse economic growth by means of measures to liberalize investment and trade in energy;

Affirming that Contracting Parties attach the utmost importance to the effective implementation of full national treatment and most favoured nation treatment, and that these commitments will be applied to the Making of Investments pursuant to a supplementary treaty;

Having regard to the objective of progressive liberalization of international trade and to the principle of avoidance of discrimination in international trade as enunciated in the General Agreement on Tariffs and Trade and its Related Instruments and as otherwise provided for in this Treaty;

Determined progressively to remove technical, administrative and other barriers to trade in Energy Materials and Products and related equipment, technologies and services;

Looking to the eventual membership in the General Agreement on Tariffs and Trade of those Contracting Parties which are not currently parties thereto and concerned to provide interim trade arrangements which will assist those Contracting Parties and not impede their preparation for such membership;

Mindful of the rights and obligations of certain Contracting Parties which are also parties to the General Agreement on Tariffs and Trade and its Related Instruments;

Having regard to competition rules concerning mergers, monopolies, anticompetitive practices and abuse of dominant position;

Having regard also to the Treaty on the Non-Proliferation of Nuclear Weapons, the Nuclear Suppliers Guidelines and other international nuclear non-proliferation obligations or understandings;

Recognizing the necessity for the most efficient exploration, production, conversion, storage, transport, distribution and use of energy;

Recalling the United Nations Framework Convention on Climate Change, the Convention on Long-Range Transboundary Air Pollution and its protocols, and other international environmental agreements with energy-related aspects; and

Recognizing the increasingly urgent need for measures to protect the environment, including the decommissioning of energy installations and waste disposal, and for internationally-agreed objectives and criteria for these purposes,

HAVE AGREED AS FOLLOWS:

PART I DEFINITIONS AND PURPOSE

ARTICLE 1 DEFINITIONS

As used in this Treaty:

(3) “Regional Economic Integration Organization” means an organization constituted by states to which they have transferred competence over certain matters a number of which are governed by this Treaty, including the authority to take decisions binding on them in respect of those matters.

(4) “Energy Materials and Products”, based on the Harmonized System of the Customs Cooperation Council and the Combined Nomenclature of the European Communities, means the items included in Annex EM.

(5) “Economic Activity in the Energy Sector” means an economic activity concerning the exploration, extraction, refining, production, storage, land transport, transmission, distribution, trade, marketing, or sale of Energy Materials and Products except those included in Annex NI, or concerning the distribution of heat to multiple premises.

ARTICLE 2 PURPOSE OF THE TREATY

This Treaty establishes a legal framework in order to promote long-term cooperation in the energy field, based on complementarities and mutual benefits, in accordance with the objectives and principles of the Charter.

PART II COMMERCE

ARTICLE 3 INTERNATIONAL MARKETS

The Contracting Parties shall work to promote access to international markets on commercial terms, and generally to develop an open and competitive market, for Energy Materials and Products.

ARTICLE 4 NON-DEROGATION FROM GATT AND RELATED INSTRUMENTS

Nothing in this Treaty shall derogate, as between particular Contracting Parties which are parties to the GATT, from the provisions of the GATT and Related Instruments as they are applied between those Contracting Parties.

ARTICLE 5 TRADE-RELATED INVESTMENT MEASURES

(1) A Contracting Party shall not apply any trade-related investment measure that is inconsistent with the provisions of article III or XI of the GATT; this shall be without prejudice to the Contracting Party's rights and obligations under the GATT and Related Instruments and Article 29.

(2) Such measures include any investment measure which is mandatory or enforceable under domestic law or under any administrative ruling, or compliance with which is necessary to obtain an advantage, and which requires:

(a) the purchase or use by an enterprise of products of domestic origin or from any domestic source, whether specified in terms of particular products, in terms of volume or value of products, or in terms of a proportion of volume or value of its local production; or

(b) that an enterprise's purchase or use of imported products be limited to an amount related to the volume or value of local products that it exports; or which restricts:

(d) the importation by an enterprise of products used in or related to its local production by restricting its access to foreign exchange to an amount related to the foreign exchange inflows attributable to the enterprise; or

(e) the exportation or sale for export by an enterprise of products, whether specified in terms of particular products, in terms of volume or value of products, or in terms of a proportion of volume or value of its local production.

(3) Nothing in paragraph (1) shall be construed to prevent a Contracting Party from applying the trade-related investment measures described in subparagraphs (2)(a) and (c) as a condition of eligibility for export promotion, foreign aid, government procurement or preferential tariff or quota programmes.

(4) Notwithstanding paragraph (1), a Contracting Party may temporarily continue to maintain trade-related investment measures which were in effect more than 180 days before its signature of this Treaty, subject to the notification and phase-out provisions set out in Annex TRM.

ARTICLE 6 COMPETITION

(1) Each Contracting Party shall work to alleviate market distortions and barriers to competition in Economic Activity in the Energy Sector.

(2) Each Contracting Party shall ensure that within its jurisdiction it has and enforces such laws as are necessary and appropriate to address unilateral and concerted anti-competitive conduct in Economic Activity in the Energy Sector.

(3) Contracting Parties with experience in applying competition rules shall give full consideration to providing, upon request and within available resources, technical assistance on the development and implementation of competition rules to other Contracting Parties.

(4) Contracting Parties may co-operate in the enforcement of their competition rules by consulting and exchanging information.

(5) If a Contracting Party considers that any specified anti-competitive conduct carried out within the Area of another Contracting Party is adversely affecting an important interest relevant to the purposes identified in this Article, the Contracting Party may notify the other Contracting Party and may request that its competition authorities initiate appropriate enforcement action. The notifying Contracting Party shall include in such notification sufficient information to permit the notified Contracting Party to identify the anticompetitive conduct that is the subject of the notification and shall include an offer of such further information and co-operation as the notifying Contracting Party is able to provide. The notified Contracting Party or, as the case may be, the relevant competition authorities may consult with the competition authorities of the notifying Contracting Party and shall accord full consideration to the request of the notifying Contracting Party in deciding whether or not to initiate enforcement action with respect to the alleged anticompetitive conduct identified in the notification. The notified Contracting Party shall inform the notifying Contracting Party of its decision or the decision of the relevant competition authorities and may if it wishes

inform the notifying Contracting Party of the grounds for the decision. If enforcement action is initiated, the notified Contracting Party shall advise the notifying Contracting Party of its outcome and, to the extent possible, of any significant interim development.

(6) Nothing in this Article shall require the provision of information by a Contracting Party contrary to its laws regarding disclosure of information, confidentiality or business secrecy.

(7) The procedures set forth in paragraph (5) and Article 27(1) shall be the exclusive means within this Treaty of resolving any disputes that may arise over the implementation or interpretation of this Article.

ARTICLE 7 TRANSIT

(1) Each Contracting Party shall take the necessary measures to facilitate the Transit of Energy Materials and Products consistent with the principle of freedom of transit and without distinction as to the origin, destination or ownership of such Energy Materials and Products or discrimination as to pricing on the basis of such distinctions, and without imposing any unreasonable delays, restrictions or charges.

(2) Contracting Parties shall encourage relevant entities to co-operate in:

(a) modernising Energy Transport Facilities necessary to the Transit of Energy Materials and Products;

(b) the development and operation of Energy Transport Facilities serving the Areas of more than one Contracting Party;

(c) measures to mitigate the effects of interruptions in the supply of Energy Materials and Products;

(d) facilitating the interconnection of Energy Transport Facilities.

(3) Each Contracting Party undertakes that its provisions relating to transport of Energy Materials and Products and the use of Energy Transport Facilities shall treat Energy Materials and Products in Transit in no less favourable a manner than its provisions treat such materials and products originating in or destined for its own Area, unless an existing international agreement provides otherwise.

(4) In the event that Transit of Energy Materials and Products cannot be achieved on commercial terms by means of Energy Transport Facilities the Contracting Parties shall not place obstacles in the way of new capacity being established, except as may be otherwise provided in applicable legislation which is consistent with paragraph (1).

(5) A Contracting Party through whose Area Energy Materials and Products may transit shall not be obliged to

(a) permit the construction or modification of Energy Transport Facilities; or

(b) permit new or additional Transit through existing Energy Transport Facilities, which it demonstrates to the other Contracting Parties concerned would endanger the security or efficiency of its energy systems, including the security of supply.

Contracting Parties shall, subject to paragraphs (6) and (7), secure established flows of Energy Materials and Products to, from or between the Areas of other Contracting Parties.

(6) A Contracting Party through whose Area Energy Materials and Products transit shall not, in the event of a dispute over any matter arising from that Transit, interrupt or reduce, permit any entity subject to its control to interrupt or reduce, or require any entity subject to its jurisdiction to interrupt or reduce the existing flow of Energy Materials and Products prior to the conclusion of the dispute resolution procedures set out in paragraph (7), except where this is specifically provided for in a contract or other agreement governing such Transit or permitted in accordance with the conciliator's decision.

(7) The following provisions shall apply to a dispute described in paragraph (6), but only following the exhaustion of all relevant contractual or other dispute resolution remedies previously agreed between the Contracting Parties party to the dispute or between any entity referred to in paragraph (6) and an entity of another Contracting Party party to the dispute:

(a) A Contracting Party party to the dispute may refer it to the Secretary-General by a notification summarizing the matters in dispute. The Secretary-General shall notify all Contracting Parties of any such referral.

(b) Within 30 days of receipt of such a notification, the Secretary-General, in consultation with the parties to the dispute and the other Contracting Parties concerned, shall appoint a conciliator. Such a conciliator shall have experience in the matters subject to dispute and shall not be a national or citizen of or permanently resident in a party to the dispute or one of the other Contracting Parties concerned.

(c) The conciliator shall seek the agreement of the parties to the dispute to a resolution thereof or upon a procedure to achieve such resolution. If within 90 days of his appointment he has failed to secure such agreement, he shall recommend a resolution to the dispute or a procedure to achieve such resolution and shall decide the interim tariffs and other terms and conditions to be observed for Transit from a date which he shall specify until the dispute is resolved.

(d) The Contracting Parties undertake to observe and ensure that the entities under their control or jurisdiction observe any interim decision under subparagraph (c) on tariffs, terms and conditions for 12 months following the conciliator's decision or until resolution of the dispute, whichever is earlier.

(e) Notwithstanding subparagraph (b) the Secretary-General may elect not to appoint a conciliator if in his judgement the dispute concerns Transit that is or has been the subject of the dispute resolution procedures set out in subparagraphs (a) to (d) and those proceedings have not resulted in a resolution of the dispute.

(f) The Charter Conference shall adopt standard provisions concerning the conduct of conciliation and the compensation of conciliators.

(8) Nothing in this Article shall derogate from a Contracting Party's rights and obligations under international law including customary international law, existing bilateral or multilateral agreements, including rules concerning submarine cables and pipelines.

(9) This Article shall not be so interpreted as to oblige any Contracting Party which does not have a certain type of Energy Transport Facilities used for Transit to take any measure under this Article with respect to that type of Energy Transport Facilities. Such a Contracting Party is, however, obliged to comply with paragraph (4).

(10) For the purposes of this Article:

(a) "Transit" means

(i) the carriage through the Area of a Contracting Party, or to or from port facilities in its Area for loading or unloading, of Energy Materials and Products originating in the Area of another state and destined for the Area of a third state, so long as either the other state or the third state is a Contracting Party; or

(ii) the carriage through the Area of a Contracting Party of Energy Materials and Products originating in the Area of another Contracting Party and destined for the Area of that other Contracting Party, unless the two Contracting Parties concerned decide otherwise and record their decision by a joint entry in Annex N. The two Contracting Parties may delete their listing in Annex N by delivering a joint written notification of their intentions to the Secretariat, which shall transmit that notification to all other Contracting Parties. The deletion shall take effect four weeks after such former notification.

(b) "Energy Transport Facilities" consist of high-pressure gas transmission pipelines, high-voltage electricity transmission grids and lines, crude oil transmission pipelines, coal slurry pipelines, oil product pipelines, and other fixed facilities specifically for handling Energy Materials and Products.

ARTICLE 8 TRANSFER OF TECHNOLOGY

(1) The Contracting Parties agree to promote access to and transfer of energy technology on a commercial and non-discriminatory basis to assist effective trade in Energy Materials and Products and Investment and to implement the objectives of the Charter subject to their laws and regulations, and to the protection of Intellectual Property rights.

(2) Accordingly, to the extent necessary to give effect to paragraph (1) the Contracting Parties shall eliminate existing and create no new obstacles to the transfer of technology in the field of Energy Materials and Products and related equipment and services, subject to non-proliferation and other international obligations.

ARTICLE 9

ACCESS TO CAPITAL

(1) The Contracting Parties acknowledge the importance of open capital markets in encouraging the flow of capital to finance trade in Energy Materials and Products and for the making of and assisting with regard to Investments in Economic Activity in the Energy Sector in the Areas of other Contracting Parties, particularly those with economies in transition. Each Contracting Party shall accordingly endeavour to promote conditions for access to its capital market by companies and nationals of other Contracting Parties, for the purpose of financing trade in Energy Materials and Products and for the purpose of Investment in Economic Activity in the Energy Sector in the Areas of those other Contracting Parties, on a basis no less favourable than that which it accords in like circumstances to its own companies and nationals or companies and nationals of any other Contracting Party or any third state, whichever is the most favourable.

(2) A Contracting Party may adopt and maintain programmes providing for access to public loans, grants, guarantees or insurance for facilitating trade or Investment abroad. It shall make such facilities available, consistent with the objectives, constraints and criteria of such programmes (including any objectives, constraints or criteria relating to the place of business of an applicant for any such facility or the place of delivery of goods or services supplied with the support of any such facility) for Investments in the Economic Activity in the Energy Sector of other Contracting Parties or for financing trade in Energy Materials and Products with other Contracting Parties.

(3) Contracting Parties shall, in implementing programmes in Economic Activity in the Energy Sector to improve the economic stability and investment climates of the Contracting Parties, seek as appropriate to encourage the operations and take advantage of the expertise of relevant international financial institutions.

(4) Nothing in this Article shall prevent:

(a) financial institutions from applying their own lending or underwriting practices based on market principles and prudential considerations; or

(b) a Contracting Party from taking measures:

(i) for prudential reasons, including the protection of Investors, consumers, depositors, policy-holders or persons to whom a fiduciary duty is owed by a financial service supplier; or

(ii) to ensure the integrity and stability of its financial system and capital markets.

PART III
INVESTMENT PROMOTION AND PROTECTION

ARTICLE 10
PROMOTION, PROTECTION AND TREATMENT OF INVESTMENTS

(1) Each Contracting Party shall, in accordance with the provisions of this Treaty, encourage and create stable, equitable, favourable and transparent conditions for Investors of other Contracting Parties to make Investments in its Area. Such conditions shall include a commitment to accord at all times to Investments of Investors of other Contracting Parties fair and equitable treatment. Such Investments shall also enjoy the most constant protection and security and no Contracting Party shall in any way impair by unreasonable or discriminatory measures their management, maintenance, use, enjoyment or disposal. In no case shall such Investments be accorded treatment less favourable than that required by international law, including treaty obligations. Each Contracting Party shall observe any obligations it has entered into with an Investor or an Investment of an Investor of any other Contracting Party.

(2) Each Contracting Party shall endeavour to accord to Investors of other Contracting Parties, as regards the Making of Investments in its Area, the Treatment described in paragraph (3).

(3) For the purposes of this Article, "Treatment" means treatment accorded by a Contracting Party which is no less favourable than that which it accords to its own Investors or to Investors of any other Contracting Party or any third state, whichever is the most favourable.

(4) A supplementary treaty shall, subject to conditions to be laid down therein, oblige each party thereto to accord to Investors of other parties, as regards the Making of Investments in its Area, the Treatment described in paragraph (3).

That treaty shall be open for signature by the states and Regional Economic Integration Organizations which have signed or acceded to this Treaty. Negotiations towards the supplementary treaty shall commence not later than 1 January 1995, with a view to concluding it by 1 January 1998.

(5) Each Contracting Party shall, as regards the Making of Investments in its Area, endeavour to:

(a) limit to the minimum the exceptions to the Treatment described in paragraph (3);

(b) progressively remove existing restrictions affecting Investors of other Contracting Parties.

(6) (a) A Contracting Party may, as regards the Making of Investments in its Area, at any time declare voluntarily to the Charter Conference, through the Secretariat, its intention not to introduce new exceptions to the Treatment described in paragraph (3).

(b) A Contracting Party may, furthermore, at any time make a voluntary commitment to accord to Investors of other Contracting Parties, as regards the Making of Investments in some or all Economic Activities in the Energy Sector in its Area, the

Treatment described in paragraph (3). Such commitments shall be notified to the Secretariat and listed in Annex VC and shall be binding under this Treaty.

(7) Each Contracting Party shall accord to Investments in its Area of Investors of other Contracting Parties, and their related activities including management, maintenance, use, enjoyment or disposal, treatment no less favourable than that which it accords to Investments of its own Investors or of the Investors of any other Contracting Party or any third state and their related activities including management, maintenance, use, enjoyment or disposal, whichever is the most favourable.

(8) The modalities of application of paragraph (7) in relation to programmes under which a Contracting Party provides grants or other financial assistance, or enters into contracts, for energy technology research and development, shall be reserved for the supplementary treaty described in paragraph (4). Each Contracting Party shall through the Secretariat keep the Charter Conference informed of the modalities it applies to the programmes described in this paragraph.

(9) Each state or Regional Economic Integration Organization which signs or accedes to this Treaty shall, on the date it signs the Treaty or deposits its instrument of accession, submit to the Secretariat a report summarizing all laws, regulations or other measures relevant to:

- (a) exceptions to paragraph (2); or
- (b) the programmes referred to in paragraph (8).

A Contracting Party shall keep its report up to date by promptly submitting amendments to the Secretariat. The Charter Conference shall review these reports periodically.

In respect of subparagraph (a) the report may designate parts of the energy sector in which a Contracting Party accords to Investors of other Contracting Parties the Treatment described in paragraph (3).

In respect of subparagraph (b) the review by the Charter Conference may consider the effects of such programmes on competition and Investments.

(10) Notwithstanding any other provision of this Article, the treatment described in paragraphs (3) and (7) shall not apply to the protection of Intellectual Property; instead, the treatment shall be as specified in the corresponding provisions of the applicable international agreements for the protection of Intellectual Property rights to which the respective Contracting Parties are parties.

(11) For the purposes of Article 26, the application by a Contracting Party of a trade-related investment measure as described in Article 5(1) and (2) to an Investment of an Investor of another Contracting Party existing at the time of such application shall, subject to Article 5(3) and (4), be considered a breach of an obligation of the former Contracting Party under this Part.

(12) Each Contracting Party shall ensure that its domestic law provides effective means for the assertion of claims and the enforcement of rights with respect to Investments, investment agreements, and investment authorizations.

ARTICLE 11 KEY PERSONNEL

(1) A Contracting Party shall, subject to its laws and regulations relating to the entry, stay and work of natural persons, examine in good faith requests by Investors of another Contracting Party, and key personnel who are employed by such Investors or by Investments of such Investors, to enter and remain temporarily in its Area to engage in activities connected with the making or the development, management, maintenance, use, enjoyment or disposal of relevant Investments, including the provision of advice or key technical services.

(2) A Contracting Party shall permit Investors of another Contracting Party which have Investments in its Area, and Investments of such Investors, to employ any key person of the Investor's or the Investment's choice regardless of nationality and citizenship provided that such key person has been permitted to enter, stay and work in the Area of the former Contracting Party and that the employment concerned conforms to the terms, conditions and time limits of the permission granted to such key person.

ARTICLE 12 COMPENSATION FOR LOSSES

(1) Except where Article 13 applies, an Investor of any Contracting Party which suffers a loss with respect to any Investment in the Area of another Contracting Party owing to war or other armed conflict, state of national emergency, civil disturbance, or other similar event in that Area, shall be accorded by the latter Contracting Party, as regards restitution, indemnification, compensation or other settlement, treatment which is the most favourable of that which that Contracting Party accords to any other Investor, whether its own Investor, the Investor of any other Contracting Party, or the Investor of any third state.

(2) Without prejudice to paragraph (1), an Investor of a Contracting Party which, in any of the situations referred to in that paragraph, suffers a loss in the Area of another Contracting Party resulting from (a) requisitioning of its Investment or part thereof by the latter's forces or authorities; or (b) destruction of its Investment or part thereof by the latter's forces or authorities, which was not required by the necessity of the situation, shall be accorded restitution or compensation which in either case shall be prompt, adequate and effective.

ARTICLE 13 EXPROPRIATION

(1) Investments of Investors of a Contracting Party in the Area of any other Contracting Party shall not be nationalized, expropriated or subjected to a measure or measures having effect equivalent to nationalization or expropriation (hereinafter referred to as "Expropriation") except where such Expropriation is:

- (a) for a purpose which is in the public interest;
- (b) not discriminatory;
- (c) carried out under due process of law; and
- (d) accompanied by the payment of prompt, adequate and effective compensation.

Such compensation shall amount to the fair market value of the Investment expropriated at the time immediately before the Expropriation or impending Expropriation became known in such a way as to affect the value of the Investment (hereinafter referred to as the “Valuation Date”).

Such fair market value shall at the request of the Investor be expressed in a Freely Convertible Currency on the basis of the market rate of exchange existing for that currency on the Valuation Date. Compensation shall also include interest at a commercial rate established on a market basis from the date of Expropriation until the date of payment.

(2) The Investor affected shall have a right to prompt review, under the law of the Contracting Party making the Expropriation, by a judicial or other competent and independent authority of that Contracting Party, of its case, of the valuation of its Investment, and of the payment of compensation, in accordance with the principles set out in paragraph (1).

(3) For the avoidance of doubt, Expropriation shall include situations where a Contracting Party expropriates the assets of a company or enterprise in its Area in which an Investor of any other Contracting Party has an Investment, including through the ownership of shares.

ARTICLE 14 TRANSFERS RELATED TO INVESTMENTS

(1) Each Contracting Party shall with respect to Investments in its Area of Investors of any other Contracting Party guarantee the freedom of transfer into and out of its Area, including the transfer of:

- (a) the initial capital plus any additional capital for the maintenance and development of an Investment;
- (b) Returns;
- (c) payments under a contract, including amortization of principal and accrued interest payments pursuant to a loan agreement;
- (d) unspent earnings and other remuneration of personnel engaged from abroad in connection with that Investment;
- (e) proceeds from the sale or liquidation of all or any part of an Investment;
- (f) payments arising out of the settlement of a dispute;
- (g) payments of compensation pursuant to Articles 12 and 13.

(2) Transfers under paragraph (1) shall be effected without delay and (except in case of a Return in kind) in a Freely Convertible Currency.

(3) Transfers shall be made at the market rate of exchange existing on the date of transfer with respect to spot transactions in the currency to be transferred. In the absence of a market for foreign exchange, the rate to be used will be the most recent rate applied to inward

investments or the most recent exchange rate for conversion of currencies into Special Drawing Rights, whichever is more favourable to the Investor.

(4) Notwithstanding paragraphs (1) to (3), a Contracting Party may protect the rights of creditors, or ensure compliance with laws on the issuing, trading and dealing in securities and the satisfaction of judgements in civil, administrative and criminal adjudicatory proceedings, through the equitable, nondiscriminatory, and good faith application of its laws and regulations.

(5) Notwithstanding paragraph (2), Contracting Parties which are states that were constituent parts of the former Union of Soviet Socialist Republics may provide in agreements concluded between them that transfers of payments shall be made in the currencies of such Contracting Parties, provided that such agreements do not treat Investments in their Areas of Investors of other Contracting Parties less favourably than either Investments of Investors of the Contracting Parties which have entered into such agreements or Investments of Investors of any third state.

(6) Notwithstanding subparagraph (1)(b), a Contracting Party may restrict the transfer of a Return in kind in circumstances where the Contracting Party is permitted under Article 29(2)(a) or the GATT and Related Instruments to restrict or prohibit the exportation or the sale for export of the product constituting the Return in kind; provided that a Contracting Party shall permit transfers of Returns in kind to be effected as authorized or specified in an investment agreement, investment authorization, or other written agreement between the Contracting Party and either an Investor of another Contracting Party or its Investment.

ARTICLE 15 SUBROGATION

(1) If a Contracting Party or its designated agency (hereinafter referred to as the “Indemnifying Party”) makes a payment under an indemnity or guarantee given in respect of an Investment of an Investor (hereinafter referred to as the “Party Indemnified”) in the Area of another Contracting Party (hereinafter referred to as the “Host Party”), the Host Party shall recognize:

(a) the assignment to the Indemnifying Party of all the rights and claims in respect of such Investment; and

(b) the right of the Indemnifying Party to exercise all such rights and enforce such claims by virtue of subrogation.

(2) The Indemnifying Party shall be entitled in all circumstances to:

(a) the same treatment in respect of the rights and claims acquired by it by virtue of the assignment referred to in paragraph (1); and

(b) the same payments due pursuant to those rights and claims, as the Party Indemnified was entitled to receive by virtue of this Treaty in respect of the Investment concerned.

(3) In any proceeding under Article 26, a Contracting Party shall not assert as a defence, counterclaim, right of set-off or for any other reason, that indemnification or other compensation for all or part of the alleged damages has been received or will be received pursuant to an insurance or guarantee contract.

ARTICLE 16 RELATION TO OTHER AGREEMENTS

Where two or more Contracting Parties have entered into a prior international agreement, or enter into a subsequent international agreement, whose terms in either case concern the subject matter of Part III or V of this Treaty,

(1) nothing in Part III or V of this Treaty shall be construed to derogate from any provision of such terms of the other agreement or from any right to dispute resolution with respect thereto under that agreement; and

(2) nothing in such terms of the other agreement shall be construed to derogate from any provision of Part III or V of this Treaty or from any right to dispute resolution with respect thereto under this Treaty, where any such provision is more favourable to the Investor or Investment.

ARTICLE 17 NON-APPLICATION OF PART III IN CERTAIN CIRCUMSTANCES

Each Contracting Party reserves the right to deny the advantages of this Part to:

(i) necessary to protect human, animal or plant life or health;

(ii) essential to the acquisition or distribution of Energy Materials and Products in conditions of short supply arising from causes outside the control of that Contracting Party, provided that any such measure shall be consistent with the principles that

(A) all other Contracting Parties are entitled to an equitable share of the international supply of such Energy Materials and Products;
and

(B) any such measure that is inconsistent with this Treaty shall be discontinued as soon as the conditions giving rise to it have ceased to exist; or

Such measures shall be duly motivated and shall not nullify or impair any benefit one or more other Contracting Parties may reasonably expect under this Treaty to an extent greater than is strictly necessary to the stated end.

(3) The provisions of this Treaty other than those referred to in paragraph (1) shall not be construed to prevent any Contracting Party from taking any measure which it considers necessary:

(i) relating to the supply of Energy Materials and Products to a military establishment; or

(ii) taken in time of war, armed conflict or other emergency in international relations;

(c) for the maintenance of public order.

Such measure shall not constitute a disguised restriction on Transit.

(4) The provisions of this Treaty which accord most favoured nation treatment shall not oblige any Contracting Party to extend to the Investors of any other Contracting Party any preferential treatment:

(a) resulting from its membership of a free-trade area or customs union; or

(b) which is accorded by a bilateral or multilateral agreement concerning economic co-operation between states that were constituent parts of the former Union of Soviet Socialist Republics pending the establishment of their mutual economic relations on a definitive basis.

ECONOMIC INTEGRATION AGREEMENTS

(1) The provisions of this Treaty shall not be so construed as to oblige a Contracting Party which is party to an Economic Integration Agreement (hereinafter referred to as “EIA”) to extend, by means of most favoured nation treatment, to another Contracting Party which is not a party to that EIA, any preferential treatment applicable between the parties to that EIA as a result of their being parties thereto.

(2) For the purposes of paragraph (1), “EIA” means an agreement substantially liberalizing, inter alia, trade and investment, by providing for the absence or elimination of substantially all discrimination between or among parties thereto through the elimination of existing discriminatory measures and/or the prohibition of new or more discriminatory measures, either at the entry into force of that agreement or on the basis of a reasonable time frame.

(a) (i) The International Centre for Settlement of Investment Disputes, established pursuant to the Convention on the Settlement of Investment Disputes between States and Nationals of other States opened for signature at Washington, 18 March 1965 (hereinafter referred to as the “ICSID Convention”), if the Contracting Party of the Investor and the Contracting Party party to the dispute are both parties to the ICSID Convention; or

(ii) The International Centre for Settlement of Investment Disputes, established pursuant to the Convention referred to in subparagraph (a)(i), under the rules governing the Additional Facility for the Administration of Proceedings by the Secretariat of the Centre (hereinafter referred to as the “Additional Facility Rules”), if the Contracting Party of the Investor or the Contracting Party party to the dispute, but not both, is a party to the ICSID Convention;

Claims submitted to arbitration hereunder shall be considered to arise out of a commercial relationship or transaction for the purposes of article I of that Convention.

(6) A tribunal established under paragraph (4) shall decide the issues in dispute in accordance with this Treaty and applicable rules and principles of international law.

(7) An Investor other than a natural person which has the nationality of a Contracting Party party to the dispute on the date of the consent in writing referred to in paragraph (4) and which, before a dispute between it and that Contracting Party arises, is controlled by Investors of another Contracting Party, shall for the purpose of article 25(2)(b) of the ICSID Convention be treated as a “national of another Contracting State” and shall for the purpose of article 1(6) of the Additional Facility Rules be treated as a “national of another State”.

(8) The awards of arbitration, which may include an award of interest, shall be final and binding upon the parties to the dispute. An award of arbitration concerning a measure of a sub-national government or authority of the disputing Contracting Party shall provide that the Contracting Party may pay monetary damages in lieu of any other remedy granted. Each Contracting Party shall carry out without delay any such award and shall make provision for the effective enforcement in its Area of such awards.

ARTICLE 27

(j) The expenses of the tribunal, including the remuneration of its members, shall be borne in equal shares by the Contracting Parties parties to the dispute. The tribunal may, however, at its discretion direct that a higher proportion of the costs be paid by one of the Contracting Parties parties to the dispute;

(k) Unless the Contracting Parties parties to the dispute agree otherwise, the tribunal shall sit in The Hague, and use the premises and facilities of the Permanent Court of Arbitration;

PART II

(1) Where, in making an award, the tribunal finds that a measure of a regional or local government or authority of a Contracting Party (hereinafter referred to as the “Responsible Party”) is not in conformity with a provision of this Treaty, the Responsible Party shall take such reasonable measures as may be available to it to ensure observance of the Treaty in respect of the measure.

(2) The Responsible Party shall, within 30 days from the date the award is made, provide to the Secretariat written notice of its intentions as to ensuring observance of the Treaty in respect of the measure. The Secretariat shall present the notification to the Charter Conference at the earliest practicable opportunity, and no later than the meeting of the Charter Conference following receipt of the notice. If it is impracticable to ensure observance immediately, the Responsible Party shall have a reasonable period of time in which to do so. The reasonable period of time shall be agreed by both parties to the dispute. In the event that such agreement is not reached, the Responsible Party shall propose a reasonable period for approval by the Charter Conference.

(3) Where the Responsible Party fails, within the reasonable period of time, to ensure observance in respect of the measure, it shall at the request of the other Contracting Party party to the dispute (hereinafter referred to as the “Injured Party”) endeavour to agree with the Injured Party on appropriate compensation as a mutually satisfactory resolution of the dispute.

(4) If no satisfactory compensation has been agreed within 20 days of the request of the Injured Party, the Injured Party may with the authorization of the Charter Conference suspend such of its obligations to the Responsible Party under the Treaty as it considers equivalent to those denied by the measure in question, until such time as the Contracting Parties have reached agreement on a resolution of their dispute or the non-conforming measure has been brought into conformity with the Treaty.

(5) In considering what obligations to suspend, the Injured Party shall apply the following principles and procedures:

(a) The Injured Party should first seek to suspend obligations with respect to the same Part of the Treaty as that in which the tribunal has found a violation.

(b) If the Injured Party considers that it is not practicable or effective to suspend obligations with respect to the same Part of the Treaty, it may seek to suspend obligations in other Parts of the Treaty. If the Injured Party decides to request authorization to suspend obligations under this subparagraph, it shall state the reasons therefor in its request to the Charter Conference for authorization.

(6) On written request of the Responsible Party, delivered to the Injured Party and to the President of the tribunal that rendered the award, the tribunal shall determine whether the level of obligations suspended by the Injured Party is excessive, and if so, to what extent. If the tribunal cannot be reconstituted, such determination shall be made by one or more arbitrators appointed by the Secretary-General. Determinations pursuant to this paragraph shall be completed within 60 days of the request to the tribunal or the appointment by the Secretary-General. Obligations shall not be suspended pending the determination, which shall be final and binding.

(7) In suspending any obligations to a Responsible Party, an Injured Party shall make every effort not to affect adversely the rights under the Treaty of any other Contracting Party.

11. ANNEX D
INTERIM PROVISIONS FOR TRADE DISPUTE SETTLEMENT
(IN ACCORDANCE WITH ARTICLE 29(7))

- (1) (a) In their relations with one another, Contracting Parties shall make every effort through co-operation and consultations to arrive at a mutually satisfactory resolution of any dispute about existing measures that might materially affect compliance with the provisions applicable to trade under Article 5 or 29.
- (b) A Contracting Party may make a written request to any other Contracting Party for consultations regarding any existing measure of the other Contracting Party that it considers might affect materially compliance with provisions applicable to trade under Article 5 or 29. A Contracting Party which requests consultations shall to the fullest extent possible indicate the measure complained of and specify the provisions of Article 5 or 29 and of the GATT and Related Instruments that it considers relevant. Requests to consult pursuant to this paragraph shall be notified to the Secretariat, which shall periodically inform the Contracting Parties of pending consultations that have been notified.
- (c) A Contracting Party shall treat any confidential or proprietary information identified as such and contained in or received in response to a written request, or received in the course of consultations, in the same manner in which it is treated by the Contracting Party providing the information.
- (d) In seeking to resolve matters considered by a Contracting Party to affect compliance with provisions applicable to trade under Article 5 or 29 as between itself and another Contracting Party, the Contracting Parties participating in consultations or other dispute settlement shall make every effort to avoid a resolution that adversely affects the trade of any other Contracting Party.
- (2) (a) If, within 60 days from the receipt of the request for consultation referred to in subparagraph (1)(b), the Contracting Parties have not resolved their dispute or agreed to resolve it by conciliation, mediation, arbitration or other method, either Contracting Party may deliver to the Secretariat a written request for the establishment of a panel in accordance with subparagraphs (b) to (f). In its request the requesting Contracting Party shall state the substance of the dispute and indicate which provisions of Article 5 or 29 and of the GATT and Related Instruments are considered relevant. The Secretariat shall promptly deliver copies of the request to all Contracting Parties.
- (b) The interests of other Contracting Parties shall be taken into account during the resolution of a dispute. Any other Contracting Party having a substantial interest in a matter shall have the right to be heard by the panel and to make written submissions to it, provided that both the disputing Contracting Parties and the Secretariat have received written notice of its interest no later than the date of establishment of the panel, as determined in accordance with subparagraph (c).
- (c) A panel shall be deemed to be established 45 days after the receipt of the written request of a Contracting Party by the Secretariat pursuant to subparagraph (a).

(d) A panel shall be composed of three members who shall be chosen by the Secretary-General from the roster described in paragraph (7). Except where the disputing Contracting Parties agree otherwise, the members of a panel shall not be citizens of Contracting Parties which either are party to the dispute or have notified their interest in accordance with subparagraph (b), or citizens of states members of a Regional Economic Integration Organization which either is party to the dispute or has notified its interest in accordance with subparagraph (b).

(e) The disputing Contracting Parties shall respond within ten working days to the nominations of panel members and shall not oppose nominations except for compelling reasons.

(f) Panel members shall serve in their individual capacities and shall neither seek nor take instruction from any government or other body. Each Contracting Party undertakes to respect these principles and not to seek to influence panel members in the performance of their tasks. Panel members shall be selected with a view to ensuring their independence, and that a sufficient diversity of backgrounds and breadth of experience are reflected in a panel.

(g) The Secretariat shall promptly notify all Contracting Parties that a panel has been constituted.

- (3) (a) The Charter Conference shall adopt rules of procedure for panel proceedings consistent with this Annex. Rules of procedure shall be as close as possible to those of the GATT and Related Instruments. A panel shall also have the right to adopt additional rules of procedure not inconsistent with the rules of procedure adopted by the Charter Conference or with this Annex. In a proceeding before a panel each disputing Contracting Party and any other Contracting Party which has notified its interest in accordance with subparagraph (2)(b), shall have the right to at least one hearing before the panel and to provide a written submission. Disputing Contracting Parties shall also have the right to provide a written rebuttal. A panel may grant a request by any other Contracting Party which has notified its interest in accordance with subparagraph (2)(b) for access to any written submission made to the panel, with the consent of the Contracting Party which has made it. The proceedings of a panel shall be confidential. A panel shall make an objective assessment of the matters before it, including the facts of the dispute and the compliance of measures with the provisions applicable to trade under Article 5 or 29. In exercising its functions, a panel shall consult with the disputing Contracting Parties and give them adequate opportunity to arrive at a mutually satisfactory solution. Unless otherwise agreed by the disputing Contracting Parties, a panel shall base its decision on the arguments and submissions of the disputing Contracting Parties. Panels shall be guided by the interpretations given to the GATT and Related Instruments within the framework of the GATT, and shall not question the compatibility with Article 5 or 29 of practices applied by any Contracting Party which is a party to the GATT to other parties to the GATT to which it applies the GATT and which have not been taken by those other parties to dispute resolution under the GATT. Unless otherwise agreed by the disputing Contracting Parties, all procedures involving a panel, including the issuance of its final report, should be completed within 180 days of the date of establishment of the panel; however, a failure to complete all procedures within this period shall not affect the validity of a final report.

(b) A panel shall determine its jurisdiction; such determination shall be final and binding. Any objection by a disputing Contracting Party that a dispute is not within the jurisdiction of the panel shall be considered by the panel, which shall decide whether to deal with the objection as a preliminary question or to join it to the merits of the dispute.

(c) In the event of two or more requests for establishment of a panel in relation to disputes that are substantively similar, the Secretary-General may with the consent of all the disputing Contracting Parties appoint a single panel.

- (4) (a) After having considered rebuttal arguments, a panel shall submit to the disputing Contracting Parties the descriptive sections of its draft written report, including a statement of the facts and a summary of the arguments made by the disputing Contracting Parties. The disputing Contracting Parties shall be afforded an opportunity to submit written comments on the descriptive sections within a period set by the panel.

Following the date set for receipt of comments from the Contracting Parties, the panel shall issue to the disputing Contracting Parties an interim written report, including both the descriptive sections and the panel's proposed findings and conclusions. Within a period set by the panel a disputing Contracting Party may submit to the panel a written request that the panel review specific aspects of the interim report before issuing a final report. Before issuing a final report the panel may, in its discretion, meet with the disputing Contracting Parties to consider the issues raised in such a request. The final report shall include descriptive sections (including a statement of the facts and a summary of the arguments made by the disputing Contracting Parties), the panel's findings and conclusions, and a discussion of arguments made on specific aspects of the interim report at the stage of its review. The final report shall deal with every substantial issue raised before the panel and necessary to the resolution of the dispute and shall state the reasons for the panel's conclusions. A panel shall issue its final report by providing it promptly to the Secretariat and to the disputing Contracting Parties. The Secretariat shall at the earliest practicable opportunity distribute the final report, together with any written views that a disputing Contracting Party desires to have appended, to all Contracting Parties.

(b) Where a panel concludes that a measure introduced or maintained by a Contracting Party does not comply with a provision of Article 5 or 29 or with a provision of the GATT or a Related Instrument that applies under Article 29, the panel may recommend in its final report that the Contracting Party alter or abandon the measure or conduct so as to be in compliance with that provision.

(c) Panel reports shall be adopted by the Charter Conference. In order to provide sufficient time for the Charter Conference to consider panel reports, a report shall not be adopted by the Charter Conference until at least 30 days after it has been provided to all Contracting Parties by the Secretariat. Contracting Parties having objections to a panel report shall give written reasons for their objections to the Secretariat at least 10 days prior to the date on which the report is to be considered for adoption by the Charter Conference, and the

Secretariat shall promptly provide them to all Contracting Parties. The disputing Contracting Parties and Contracting Parties which notified their interest in accordance with subparagraph (2)(b) shall have the right to participate fully in the consideration of the panel report on that dispute by the Charter Conference, and their views shall be fully recorded.

(d) In order to ensure effective resolution of disputes to the benefit of all Contracting Parties, prompt compliance with rulings and recommendations of a final panel report that has been adopted by the Charter Conference is essential. A Contracting Party which is subject to a ruling or recommendation of a final panel report that has been adopted by the Charter Conference shall inform the Charter Conference of its intentions regarding compliance with such ruling or recommendation. In the event that immediate compliance is impracticable, the Contracting Party concerned shall explain its reasons for non-compliance to the Charter Conference and, in light of this explanation, shall have a reasonable period of time to effect compliance. The aim of dispute resolution is the modification or removal of inconsistent measures.

(5) (a) Where a Contracting Party has failed within a reasonable period of time to comply with a ruling or recommendation of a final panel report that has been adopted by the Charter Conference, a Contracting Party to the dispute injured by such non-compliance may deliver to the non-complying Contracting Party a written request that the non-complying Contracting Party enter into negotiations with a view to agreeing upon mutually acceptable compensation. If so requested the non-complying Contracting Party shall promptly enter into such negotiations.

(b) If the non-complying Contracting Party refuses to negotiate, or if the Contracting Parties have not reached agreement within 30 days after delivery of the request for negotiations, the injured Contracting Party may make a written request for authorization of the Charter Conference to suspend obligations owed by it to the non-complying Contracting Party under Article 5 or 29.

(c) The Charter Conference may authorize the injured Contracting Party to suspend such of its obligations to the non-complying Contracting Party, under provisions of Article 5 or 29 or under provisions of the GATT or Related Instruments that apply under Article 29, as the injured Contracting Party considers equivalent in the circumstances.

(d) The suspension of obligations shall be temporary and shall be applied only until such time as the measure found to be inconsistent with Article 5 or 29 has been removed, or until a mutually satisfactory solution is reached.

(6) (a) Before suspending such obligations the injured Contracting Party shall inform the non-complying Contracting Party of the nature and level of its proposed suspension. If the non-complying Contracting Party delivers to the Secretary-General a written objection to the level of suspension of obligations proposed by the injured Contracting Party, the objection shall be referred to arbitration as provided below. The proposed suspension of obligations shall be stayed until the arbitration has been completed and the determination of the arbitral panel has become final and binding in accordance with subparagraph (e).

(b) The Secretary-General shall establish an arbitral panel in accordance with subparagraphs (2)(d) to (f), which if practicable shall be the same panel which made the ruling or recommendation referred to in subparagraph (4)(d), to examine the level of obligations that the injured Contracting Party proposes to suspend. Unless the Charter Conference decides otherwise the rules of procedure for panel proceedings shall be adopted in accordance with subparagraph (3)(a).

(c) The arbitral panel shall determine whether the level of obligations proposed to be suspended by the injured Contracting Party is excessive in relation to the injury it experienced, and if so, to what extent. It shall not review the nature of the obligations suspended, except insofar as this is inseparable from the determination of the level of suspended obligations.

(d) The arbitral panel shall deliver its written determination to the injured and the non-complying Contracting Parties and to the Secretariat within 60 days of the establishment of the panel or within such other period as may be agreed by the injured and the non-complying Contracting Parties. The Secretariat shall present the determination to the Charter Conference at the earliest practicable opportunity, and no later than the meeting of the Charter Conference following receipt of the determination.

(e) The determination of the arbitral panel shall become final and binding 30 days after the date of its presentation to the Charter Conference, and any level of suspension of benefits allowed thereby may thereupon be put into effect by the injured Contracting Party in such manner as that Contracting Party considers equivalent in the circumstances, unless prior to the expiration of the 30 days period the Charter Conference decides otherwise.

(f) In suspending any obligations to a non-complying Contracting Party, an injured Contracting Party shall make every effort not to affect adversely the trade of any other Contracting Party.

(2) The contributions shall be adjusted as necessary to ensure that the total of all Contracting Parties' contributions is 100%.

2. With respect to Article 10(7)

The Russian Federation may require that companies with foreign participation obtain legislative approval for the leasing of federally-owned property, provided that the Russian Federation shall ensure without exception that this process is not applied in a manner which discriminates among Investments of Investors of other Contracting Parties.

3. With respect to Article 14 65
